TERMS OF SALE

This sale is made for cash on delivery of the goods, which may be obtained at the termination of sale.

The highest bidder to be the buyer.

Should a dispute arise and the disputant has a voucher and is willing to advance on the price at which the lot was stricken off, then the said lot to be put up again and sold to the highest bidder. This does not apply where a bidder has not made any offer prior to said item being knocked down—then the auctioneer will use his judgment as to the justice of the claim and good faith of the contesting bidder and his decision shall be final.

The auctioneer reserves the right to refuse the bid of an individual if he declines to make a cash deposit or pay sum bid on his request to do so.

No lot is separated. All are sold subject to the catalogue description and by the catalogue numbers. Should any lot become misplaced, the buyer does not acquire any right in it if it is stricken off without the mistake being discovered, and such a lot must be returned to the auctioneer. If any lot cannot be delivered from any cause whatsoever (though the cataloguer will make every effort to deliver), the auctioneers and cataloguer are only responsible for its value as sold and determined by this sale.

The auctioneers and cataloguer reserve the right to bid on their own account and for their clients who have favored them with commissions.

Every item is guaranteed genuine, and this holds good indefinitely.

Every lot sold so much each piece.

No coins shown during the progress of the sale unless to oblige a special request. Any one wishing to see a lot will be given every opportunity to do so if possible.

Collectors are requested to carefully examine the coins during the exhibition at the auction rooms on day of sale from 9 to 4 o'clock, marking their catalogue, thus being prepared, as the sale proceeds at the rate of about 200 lots to the hour.

I will carefully and faithfully execute any bids entrusted to my care; charging a fee of 5% on the amount purchased—no charge being made for services rendered unless the lot was purchased.

The cataloguer and auctioneers will not be responsible for any errors made by bidders; so please carefully compare your bid sheet with the catalogue and make certain you have the numbers correspond on the lots being bid for. Nearly every sale develops some mistake—quite often the bid sheets arrive *unsigned,* with no way to determine the identity of the bidder!

Hand priced catalogue after the sale 50c.

339 1795 Curl high over first star. Very good.

340 1796 16 stars. Very fine. Strong impression though it does show the planchet file marks on clouds and around eagle's legs. This splendid coin was bought at Geo. H. Earle's sale, lot 2825 for $205. and sold to C. H. Benson for $225. who thought he would improve his set of half dollars by rubbing them over with a rubber, the result is that he has scratched it in every direction. It may be successfully treated by some one but it is here now to hear your verdict as to the extent of the damage done by the sum you will pay for it.

341 1797 Very good, also from Earle sale No. 2828, treated by Mr. Benson the same as he did the 1796—what a pity.

342 1801 Good. Rare.

343 1802 Good. Rare. In all the thousands of old half dollars brought to my office, I cannot recall a specimen of either 1796, 1797, 1801, 1802, 1815, 1836, 1851, 1852 being among them; a statement that should certainly show how rare they really are. Some 45 years ago I remember J. C. Randall had the same experience and he set about

to buy all the specimens offered by any one and it was surprising how few he secured, even trebling the price usually paid.

344 1805 over 1804. The 4 showing plainly. Very good. Rare. Another of my daily "hopes". Oh, that I may live long enough to see and buy the $1/2 of 1804 which I fully believe was made, for we have tacit evidence of its possible existence in this and the other die of 1804 altered into 1805 and one of the dies is badly cracked too, another evidence that it had a weak heart from a long courtship.

345 1806 over 1805 the 5 showing plainly, the 6 is of the heavy knobbed top variety. R Die broken over UN. Fair. Rare.

346 1807 Bust to left, 1st year of design. R 20c under 50c a funny mistake for the die cutter to make. Very good.

365 1794 Hays No. 48. Die just beginning to show cracks. Very good. Rare.

366 1794 Hays No. 48. Poor. Curiosity as it shows die around date to be so shattered that I should think but very few could have been struck when the dies were in this condition. Eroded surface.

367 1795 Thin plain edge planchet. ONE CENT high in wreath. Very fine but has curved piece taken out of edge by planchet cutter encroaching into the milling half way. Brown-steel color.

368 1796 Liberty cap. Gilbert J. Good, surface eroded.

369 1797 Doughty No. 107. Close narrow date. Variety with nick in die under eye. Uncirculated. Deep even milling around both sides. The field behind bust shows some microscopic granulation in the copper which appear like nicks—too minute to be seen except with a glass. Beautiful light olive color. Very rare. A gem.

370 1797 Wide date. R. Die cracked at edge below right hand ribbon and extending to AMERICA which word is weak and die seems to have sunken at this point. Wide fraction, slender wreath, 16 leaves and 6 berries on l., and 19 leaves and 5 berries on r., branch. Good. Rare.

388 1830 Inner line between milling and stars. Uncirculated. Splendid sharp, even impression. Brilliant bright red, found with another like it but unfortunately falling into the hands of a N. Y. dealer who washes every coin he gets no matter what it is, injuring many, this piece was washed in soap and water changing the color a trifle. However, it is one of the finest 1830 cents and very rare in this condition.

389 1831 Die cracked connecting all the stars and date. A few minute nicks. Very fine. Light olive.

390 1833 A 5. Die cracked from 1 of date to 12th star. Extremely fine. Most beautiful light olive color. Bold, even impression though half the stars are not centered.

391 1835 A 6. Small date blunt diadem. Uncirculated, only the slightest cabinet friction on cheek. Deep even milling; stars bold but not centered. E of CENT a trifle weak. Beautiful lustrous light olive, slight traces of red.
